

2.3.6 The exposure provided to students of the Institute about recent developments in the field of education- Report

Exposure to recent developments in the field of education is provided to students through:

1. Special lectures by experts
2. 'Book reading' & discussion on it
3. Discussion on recent policies & regulations
4. Teacher presented seminars for benefit of teachers & students
5. Use of media in education

Special lectures by experts are organised by the institute to provide exposure to students on the recent developments in the field of education and other subject areas. Sardar Panikkar Memorial lecture is organised every year on institute foundation day which is 1 August, by inviting eminent speakers from across the country. Apart from these, the department of Extension Education also carries out special lectures by experts on various occasions like- The teacher's Day celebration, National Education Day, Dr Ambedkar Jayanthi, National Science Day, etc. The Department of Education in Science and mathematics organizes subject-specific lectures by experts catering to M Sc Ed programme needs. The department of Education in Social Science and Humanities observes Mathru Bhasha Divas, and Hindi Pakhwada.

The book reading activities are extensively provided in the B A B Ed programme as their course activities and also students are encouraged to read books of their interest and recommended to read subject-specific books by concerned teachers.

Discussions on recent policies & regulations in education are being done by teachers in their classroom discussions.

Teachers presented seminars for the benefit of teachers & students are being done by participating in seminars and conferences being organized at the institute level or in other organizations. Teachers also encourage the students to participate in such events by preparing papers and presenting them in such events.
